

One chair. Then a house.

A simple, three-step plan to grow Lumevina beyond the hours one person can work.

The Collective Eight artists, one app, shared Glow Rewards.

+\$99k

Likely added profit per year, by year 2–3

3 steps

Each starts only when the last one worked

90 days

To go live and test the first artist

The problem

Your income stops when your hands stop.

\$220k

The most one person can earn in a year: five treatments a day, five days a week, at about \$170 each. Fully booked, never sick, before rent, product and taxes. More hours isn't a plan.

The plan

Three steps. Each one earns the next.

1

Grow your chair

Months 0–6

Membership, add-ons and filling empty hours. More from every hour you already work.

2

Pilot two artists

Months 6–12

Two licensed lash or brow artists book through Lumevina. We measure one thing: do their clients book you?

3

The Collective

Year 2–3

Six to eight artists, one space, one app, one rewards program. Only if the pilot worked.

How it works

One app. Everyone wins.

1

A client books a lash fill

in the Lumevina app.

>

2

The artist is paid directly.

They run their own business.

>

3

Lumevina earns its share.

A 12% app fee in the pilot. Flat suite rent in the house.

>

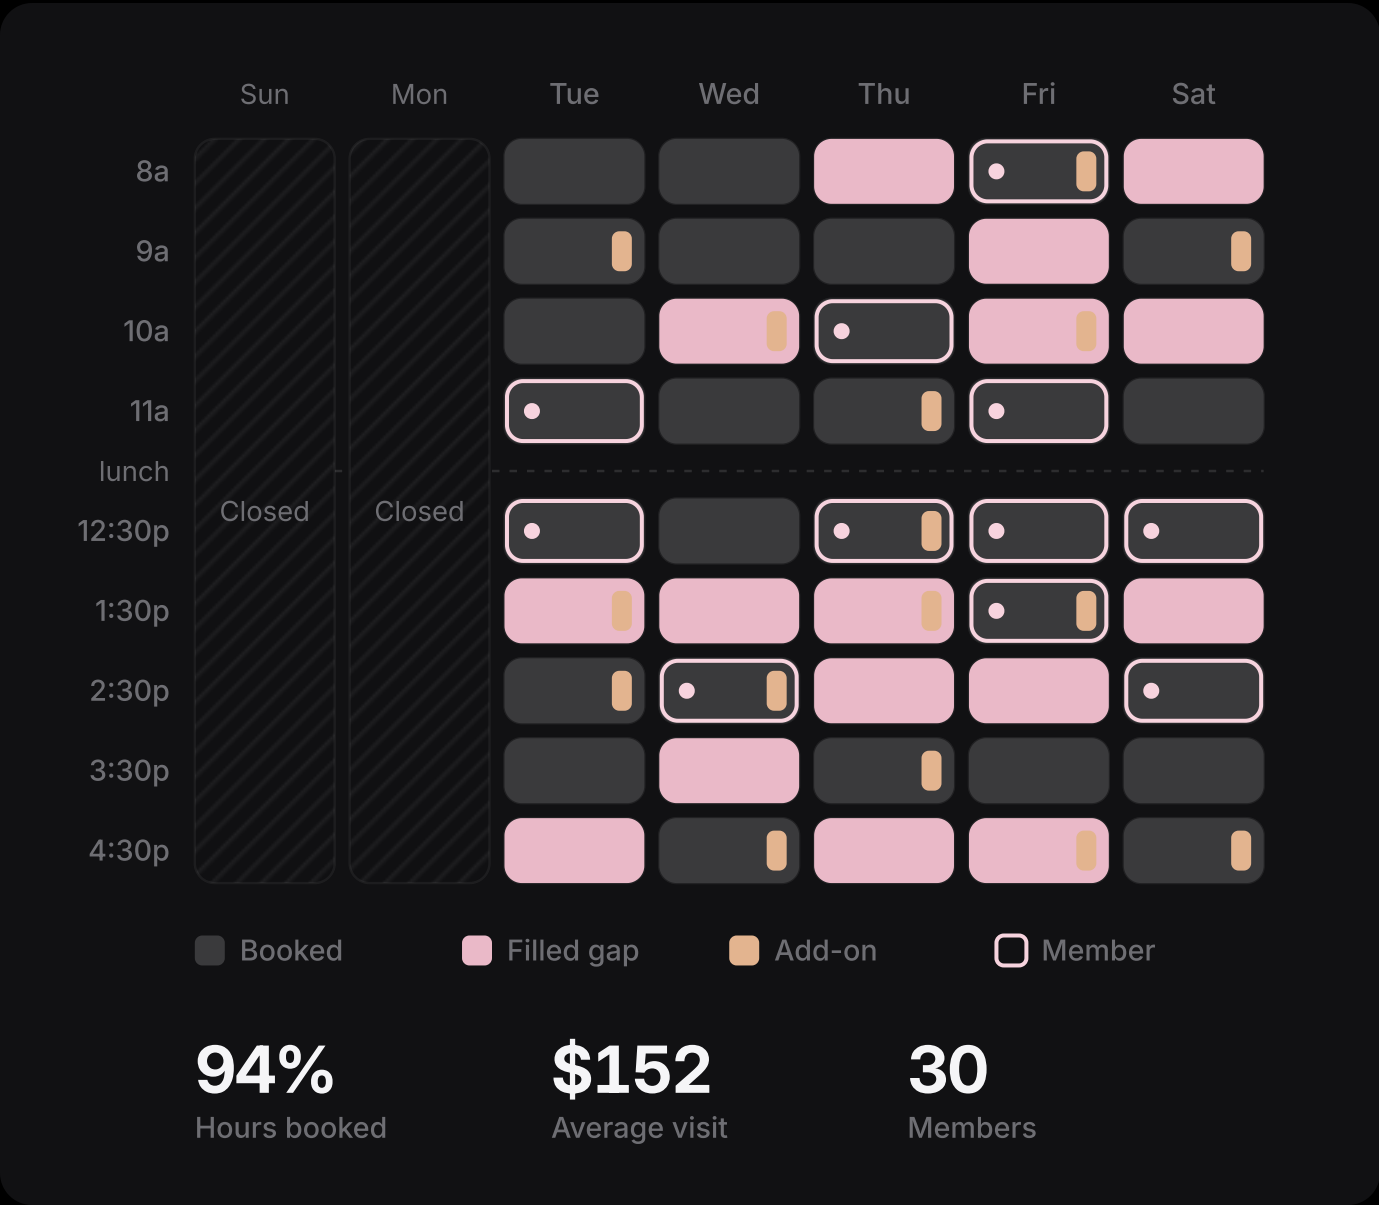

4

Glow points bring the client

to Evelyn for a facial.

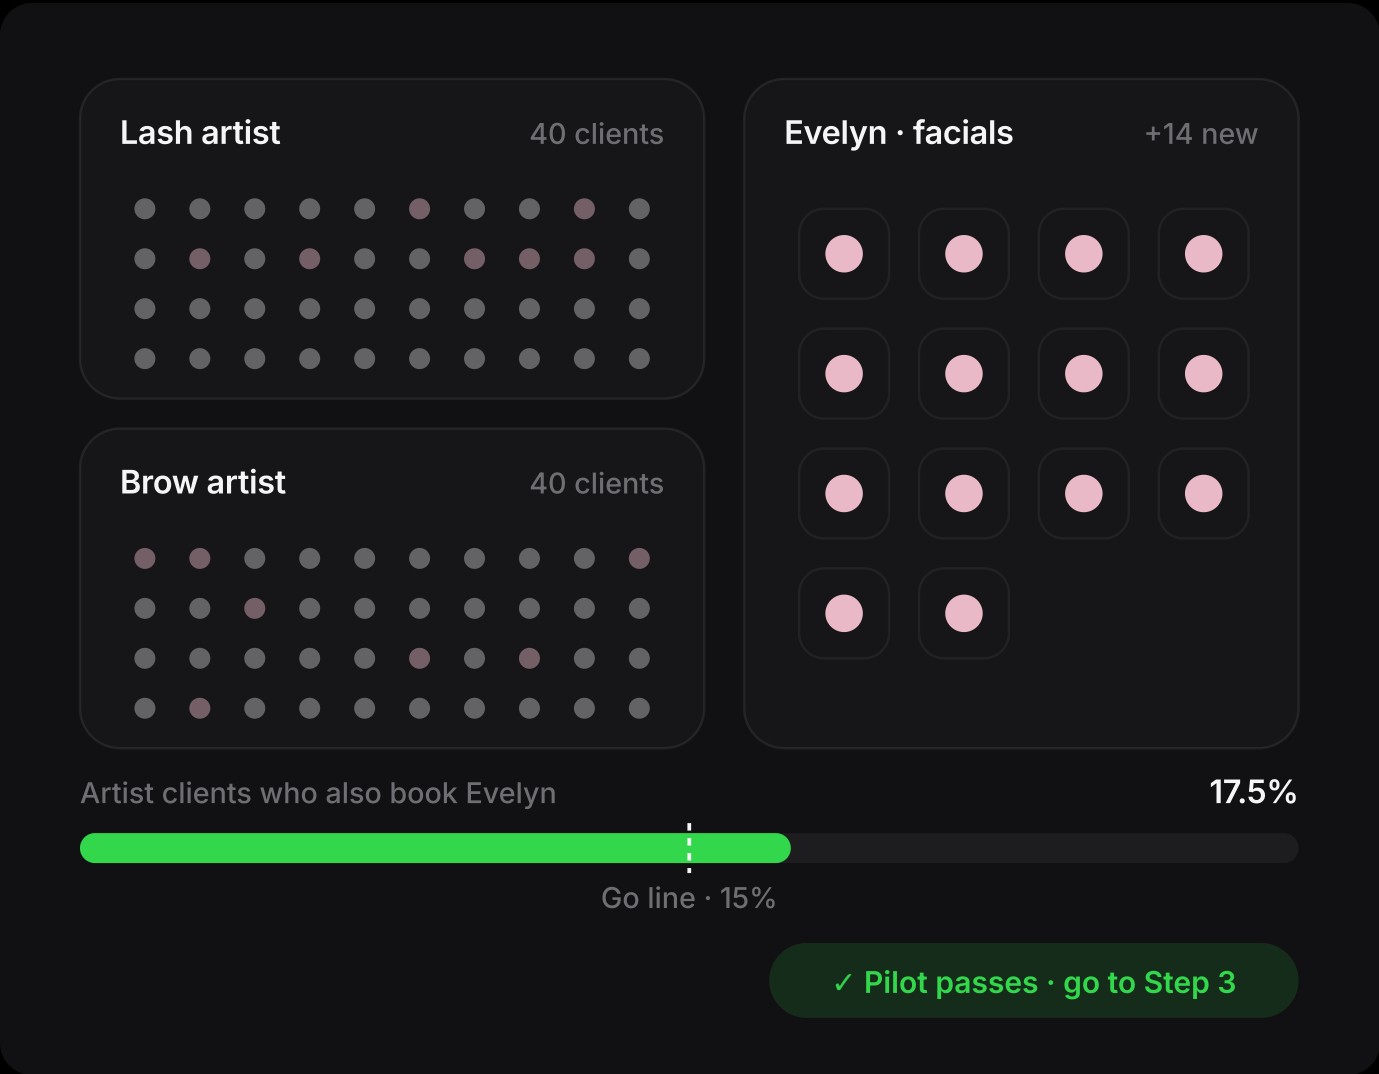

Then the facial client books a lash fill, and the circle starts again.

Grow your chair. Fill every hour.

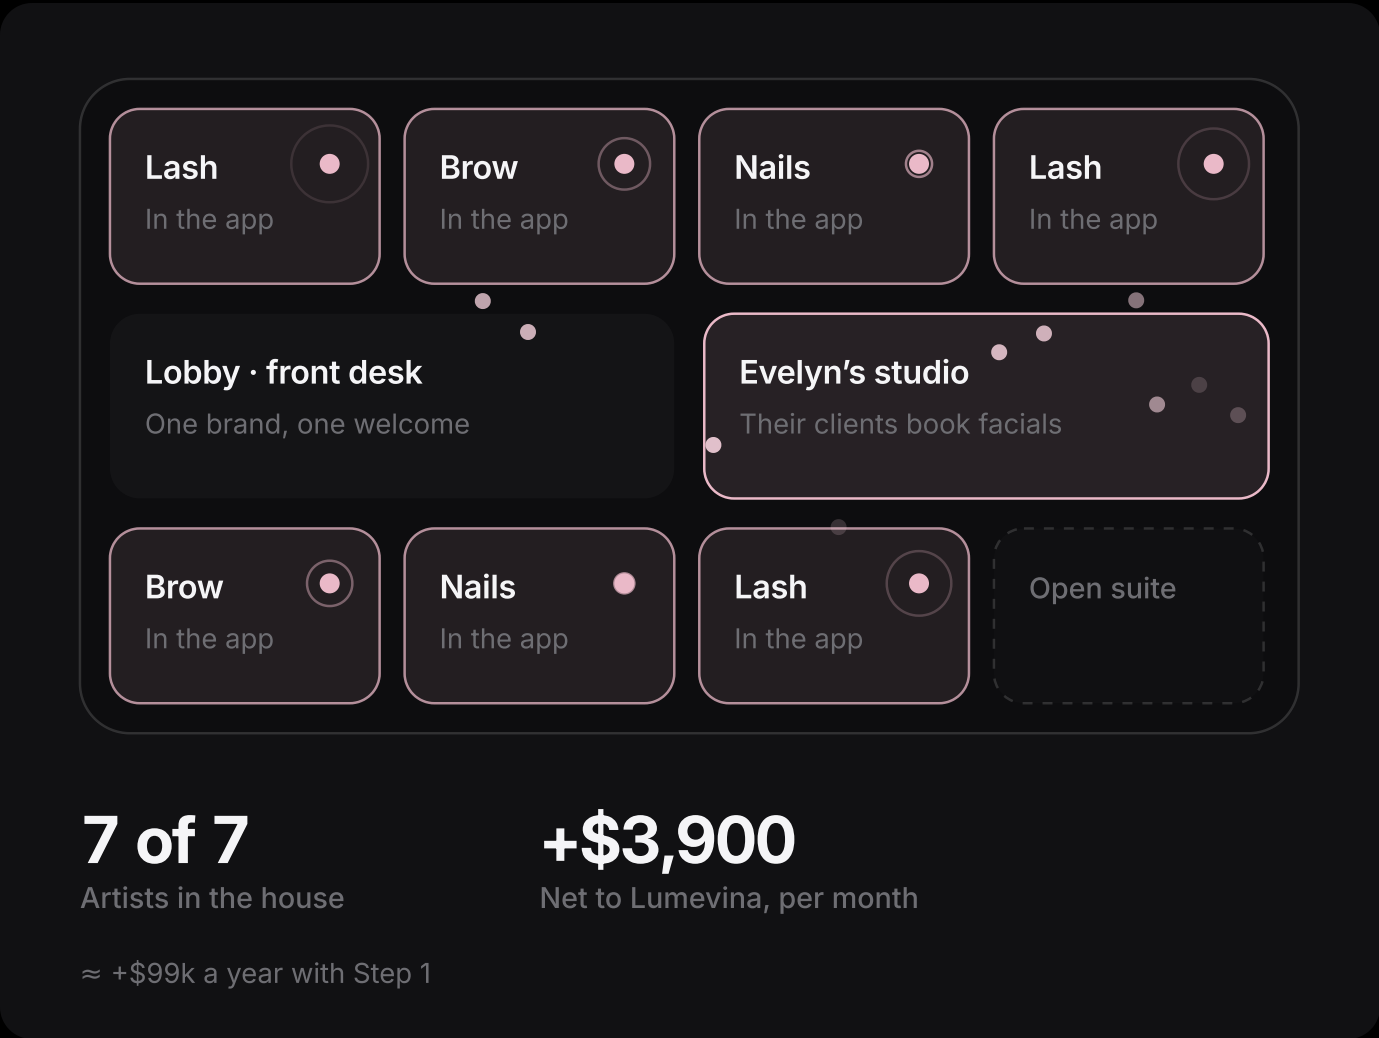

Launch	Glows Membership from \$149 a month, offered at every checkout, plus add-ons at booking, flash openings and give \$25 / get \$25.
Measure	Members, average visit, and how many hours are booked.
Target	30 members by month 6 and 50 by year 2, a \$150+ average visit, 90% of hours booked.
Result	About \$4.4k more revenue a month, from the same five days.

Pilot two artists. Prove it small.

Recruit	Two licensed lash or brow artists who already have a following.
Set up	Their own payouts, 90 days free, then a 12% app fee. Shared Glow Rewards, attorney-approved terms.
Measure	How many of their clients also book Evelyn.
Decide	15% or more by month 12 means go. Under that, keep the pilot: it still nets about \$2.8k a month.

The Collective. One house, one app.

Space	Sign a 6–8 suite lease only after the pilot passes. Artists pay flat weekly rent, no commission.
Fill	One or two licensed artists a month, found through the pilot artists' networks.
App	Lumevina goes to the App Store with every artist bookable.
Target	Seven artists, about \$3.9k net a month: +\$99k a year with Step 1.

Membership first

Every regular, a member. Billed on the 1st.

A membership pays whether or not the calendar is full, and it keeps clients with Lumevina even if the artist they came in with moves on.

\$4,800

Paid before anyone books.

30 members bill about \$4,800 on the 1st of every month. At 50 members, about \$8,000.

Stays

Survives artist turnover.

A client who joins for the house perks keeps her facial membership with Evelyn, even if her lash artist moves on.

1 a month

Fills the calendar ahead.

Every member is a visit a month, booked in advance. Banked facials are already paid for.

Why clients choose it

Facial · plan	Single	Member	Saved a year

Monthly Acne · Clear Skin	\$180	\$159	\$252
Ageless Grace · Ageless	\$230	\$199	\$372

Members also bank a facial they can't use, pause once a year, gift a banked facial, and save on skincare.

For lashes, brows and nails. Artists keep their own prices; the seasonal add-on (a lash bath, brow tint or nail art) comes from artists who opt in, in exchange for being featured to members. Lumevina pays for the double points.

How we convert

At checkout

Any facial can become month one at the member price, with the single price shown beside it.

In the chair

Evelyn offers it before the client leaves, with next month already booked.

First look

Members see flash openings and new artists a day before anyone else.

Founding price

The first 25 members keep their price for as long as they stay.

What we track

Members	30 by month 6, 50 by year 2

Cancellations per month	Under 1 in 20

Bringing artists in

An easy yes. For artists and their clients.

Recruit the artists Evelyn's clients already see, take the risk out of the first step, and make booking through Lumevina the better deal for everyone.

Who we look for

Artists your clients already see.

Ask every client who does their lashes, brows and nails. Those artists come with crossover built in.

Licensed, with a following.

One to three years in, a book of regulars, working from home or a crowded shared salon.

Tired of what they have.

No-shows, high booth rent, or a platform that keeps their clients. Lumevina fixes all three.

The offer

The pilot · Step 2

Free for 90 days

Then 12% on bookings made through Lumevina. They keep working where they are.

- ✓ Their own name, prices, hours and clients
- ✓ Deposits that stop no-shows
- ✓ Evelyn's clients see them first
- ✓ Their clients earn Glow Points they can spend with Evelyn

In return: honor Glow Points, give members first look at openings, send facial clients to Evelyn.

The house · Step 3

\$250 a week

Flat suite rent, no commission. Founding rate \$210 a week, locked for 12 months, for the first three.

- ✓ A private suite with their name on the door
- ✓ The app, Glow Rewards and marketing included
- ✓ Pilot artists get first pick of suites
- ✓ Leave with 30 days' notice after the first six months

In return: a six-month first term, house standards for cleanliness, license and insurance.

For clients 100 Glow Points (\$10 off) on their first booking with any Lumevina artist, spendable anywhere in the house.

Six rules. Every artist, every meeting.

Lead with clients.

Open with the list of Evelyn's clients who asked for lashes or brows. Demand sells the room better than a discount.

Take the risk off.

90 days free, leave anytime in the pilot, and every client they bring stays theirs.

Give to get.

Every concession trades for something: a longer term, honoring points, posts that tag Lumevina.

Keep founding spots few.

Only the first three artists get the founding rate. A real limit, said once.

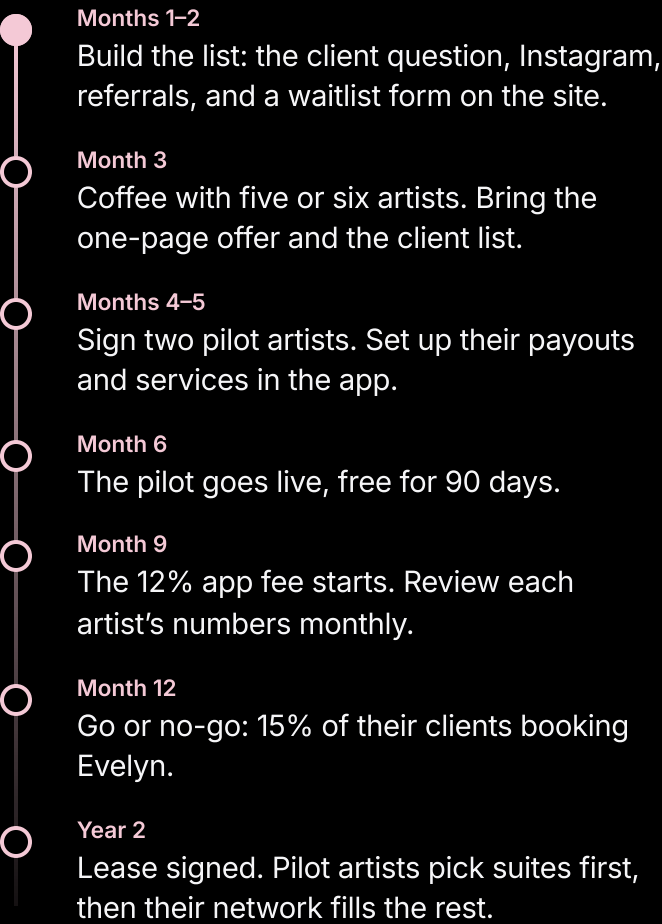

Know the walk-away.

Rent never drops below what covers the suite. If a deal needs less, pass politely.

Put it on one page.

A one-page term sheet in the meeting, then the attorney's agreement to sign.

Grow fast. Stay safe.

Licensed only.

Every artist holds a California license and works in a licensed space.

Their own business.

Artists set their prices, hours and clients and are paid directly. In the house they pay flat rent, never a cut. That keeps California's AB5 employee rules on our side. An attorney signs off first.

Pilot before lease.

No new space until two artists prove their clients also book Evelyn.

Clear roles.

Evelyn owns the brand and the standard of care. Ruben runs operations, the app and the numbers.
