Thank you for your order. Here's what's in your download and how to make it yours.

WHAT'S INSIDE

Service menu	A two-page menu with descriptions and a one-page price list, as a Word file to edit and a sample PDF to see the finished look.
Description library	Forty service descriptions across facials, clear skin, age renewal, peels, add-ons, waxing, and lash and brow, plus a guide to wording that stays cosmetic.

MAKE IT YOURS

1. Open the menu in Word or Google Docs and replace **Your Studio Name**, the city, and your contact line.
2. Delete the services you don't offer and add your own. Copy descriptions from the library.
3. Set your prices. Keep the dotted leaders by pressing Tab before a price.
4. Export as PDF to print, email, or upload to your booking page and link in bio.

FONTS

The designs use **Cormorant Garamond** and **Jost**, free at fonts.google.com. Google Docs has both. Without them, Word swaps in a similar font and everything still works.

PRINTING

- Print at **Actual size** (100%), not "Fit to page."
- Use the US Letter or A4 version to match your paper.
- Plain 24 lb paper is fine; 32 lb feels more premium.

YOUR LICENSE

Use these files in your own business, and print or share filled-in copies with your clients as often as you like. Please don't resell, share or give away the files themselves, edited or not. One purchase covers one business; message us for a multi-location license.
