MAKE IT YOURS

1. Unzip everything into one folder. Each product has its own Start Here page.
2. Start with the Intake & Consent Kit and the Service Menu: they're what clients see first.
3. Then set up the two spreadsheets, and work through the planner one week at a time.

THE BONUS JOURNAL

With this kit you may print the Skin Journal for your own clients, give it away with a facial series, or sell printed copies in your studio. Please don't share or sell the PDF itself.

BEFORE YOU USE THEM

These are templates, not legal or medical advice. Rules for estheticians differ from state to state and country to country. Before you use them, check your licensing board's scope of practice and have a local attorney review the consent forms and policies.

YOUR LICENSE

Use these files in your own business, and print or share filled-in copies with your clients as often as you like. Please don't resell, share or give away the files themselves, edited or not. One purchase covers one business; message us for a multi-location license.
